

SENATE HIGHWAYS
EXHIBIT NO. 4
DATE 4-4-13
BILL NO. HB 542

m

Good morning Mr, chairman and committee members, my name is
PERSON

Brian Reed, (spell Reed) I'm with Montana State counsel of
professional Fire Fighters and I represent over 560 professional fire
fighters, Paramedics and EMTs across Montana We rise in support of
House bill 542. As first responders, we are often dispatched to motor
vehicle accidents and other emergencies along Montana roads and
highways. These incidents can be very confusing and distracting to
people driving by. Rain, snow and icy conditions add to the dangers that
first responders face working at these scenes. Passing HB 542 will make
chaotic emergency scenes safer for your Montanan first responders and
the costumers we serve. We urge a do pass.
